

Press Release

Estuate Announces Strategic Relationship with Silicomp America

Sunnyvale, CA—February 1, 2009—Estuate, Inc., a global IT services firm focused on enterprise software products, announced that it has formed a strategic relationship with Silicomp America and its CEO, Rajiv Agarwal. Effective February 1, 2009, Agarwal joins Estuate as its Sales Director, and existing Silicomp America client relationships are transferring over to Estuate.

“We are thrilled to be enhancing Estuate’s team and client portfolio through the addition of Rajiv, a veteran industry executive, and Silicomp America’s strong client relationships,” said Marc Hebert, Estuate COO. “We have already welcomed these clients into our family, and look forward to expanding these relationships together. This announcement puts us on track for a strong growth year in a tough economic climate.”

“I’m very pleased to have found a good home for Silicomp America’s clients, and for the opportunity to work with Estuate’s executive team again,” said Agarwal. “Estuate’s size, strong service culture and deep applications technology skills will enable us to drive deeper relationships with our long-time clients.”

About Estuate

Founded in 2004, Estuate is a global information technology (IT) services company based in the heart of Silicon Valley. With deep Oracle applications product development roots, it provides world-class software product development services to software companies, and high-value application implementation and management services to enterprise clients.
