Redefine Your Business Intelligence Strategy

Estuate expertise in proven Oracle BI methodologies mitigates key risk factors in your business intelligence implementations. Estuate can redefine your BI strategy and deliver cost effective deployments and adoption.

Estuate's [Oracle Business Intelligence Practice](#) is staffed by full-time solution architects, systems engineers, and lead consultants that are highly tenured and Oracle certified.

Your organization will realize the value of a packaged BI Application, rapid deployment, low TCO, and built-in best practices. The objective being extension of your BI solutions to meet specific requirements, or build completely custom BI applications.

We will provide intuitive, role-based intelligence for everyone in an organization: from front line employees to senior management.

Differentiator

- Strong domain focus with leading industry best practices
- Help in adoption of enterprise BI strategy including Cloud platform strategy
- Dedicated competency center focusing on Oracle Business Intelligence solutions
- Unparalleled expertise with data integration on various systems. Historical data integration with the BI Application database
- Ability to work on major operating systems: Mainframes, Open Source, Linux, Unix
- Strong knowledge and expertise on [E Business Suite](#), [PeopleSoft](#), [JD Edwards](#), [Siebel](#) and [custom application](#) data models
- Ability to conduct Conference room pilot for increased user adoption

Benefits

- Estuate and Oracle work to optimize your ability to collect and assimilate timely and accurate information.
- Oracle's Business Intelligence products are well suited to deliver a full range of BI capabilities. Your work is no longer based on decisions stemming from guesswork. No more missing critical business opportunities.
- Operational, sales and infrastructure cost improvement is a realized outcome of BI deployment.

- The products excel in the delivery of predictive analytical applications and enterprise and financial reporting solutions. Your enterprise data is converted into actionable information.

Why Estuate?

Estuate is a global technology services company, headquartered in Sunnyvale, California, with additional offices in Canada, India and the UK. Estuate's key service offerings include [Oracle Services](#) and [IBM technology implementation, custom application and product engineering](#), as well as [business intelligence](#), [Big Data](#) and [software management](#). Estuate's dedicated teams help clients throughout the technology lifecycle by aiding during the planning phase as well as the post-deployment phase.
