Announcing Fixed Price Oracle-to-DB2 Migration Service Packages

The world-class functionality in DB2 enables our clients to migrate their applications written for other databases, such as Oracle, Sybase and Microsoft SQL Server, in a matter of days. Our migration services, along with the enhanced DB2 capabilities of pure XML and Deep Compression, allow clients to reduce time spent on IT labor-related costs by 35%--shifting their focus to maintaining a competitive advantage–vital in today's fast-paced economy.

How We Reduce Your Migration Risks at Reasonable Cost

- Estuate was a charter member of the DB2 release 9.7 Beta program, and provided valuable feedback to IBM during the Beta cycle
- We are a Premier partner with IBM, with a successful track record working with IBM over the past 3 years
- We have executed several Oracle-to-DB2 application migrations for our mutual clients
- We provide a one-stop-shop for migrations: POCs, pilots and demos
- We execute migration projects with a very competitive global delivery model—offshore, near-shore and onsite, as appropriate
- We maintain an IBM DB2 Center of Excellence, with 10 trained DB2 migration specialists versed in Oracle, Sybase, Microsoft SQL Server, and other databases
- We maintain multiple installations of various databases in our lab: Oracle Release 8, 9, 10 & 11, Sybase Release 11,SQL Server 2005 & 2008, Postgres SQL Releases 7 & 8, My SQL: Releases 5 & 6

Our Aggressive Fixed Price Migration Package Services

To support IBM's aggressive Oracle takeout initiative, Estuate has created a packaged, fixed-price service offering, making it easy and attractive for customers to migrate applications to DB2. We offer a fixed price migration service with three price levels addressing customers' varying levels of application complexity.

In some cases, additional application-level changes are required to complete the migration; we estimate these for each application, on a case-by-case basis.

We can handle all aspects of your DB2 migration. Are you ready?
