Estuate masks confidential business data at The Boeing Company

The Boeing Company is one of the largest aerospace companies in the world, and a leading manufacturer of commercial jetliners and defense, space and security systems. A top U.S. exporter, the company supports airlines and U.S. and allied government customers in 150 countries.

1. Business Challenge

The Boeing Company wanted to secure their sensitive business data with a safe and scalable solution. They needed to:

🔒 Implement a comprehensive data privacy solution

🗄 Establish a data masking Center of Excellence (COE) to protect data across departments and processes

⚖ Adhere to stringent data privacy guidelines and industry policies

2. Estuate Solution

Estuate implemented an enterprise-wide data privacy solution meeting all their key requirements.

- Assisted in creating a **data masking** COE including consulting, role defining and setting up best practices in data masking

- Standardized their existing IBM Optim architecture for **efficient data privacy**

- Executed individual data masking projects, creating a **safe test-deployment** environment

3. Business Impact

The Boeing Company was able to create a safe production-test-deployment environment with Estuate's comprehensive data privacy solution.

Reduced the overall spending on data masking with the enterprise-wide solution

Enhanced data security and reduced the risk of fraud/data breaches in the enterprise

Ensured long-term data privacy with the establishment of dedicated Center of Excellence

Supported data privacy regulations and enabled better responsiveness to audits

Testimonial

"

Estuate enforced the best practices in data privacy and helped us establish a data masking Center of Excellence. Their expertise in the domain and their attention to detail is incredible.
